**NEW FOREST DISTRICT COUNCIL
DETERMINING TREE PRESERVATION ORDERS WHERE OBJECTIONS TO
THE ORDER HAVE BEEN MADE**

Procedure at the Appeals Panel for Tree Preservation Orders

1. INTRODUCTION

- 1.1 Regulations oblige local authorities to take into consideration any duly made objections before deciding whether to confirm a Tree Preservation Order.
- 1.2 At New Forest District Council, objections are considered by a Panel drawn from the Appeals Committee.

2. GUIDELINE FOR MEMBER ATTENDANCE

- 2.1 If a member of the Panel is also a Local Member for the area in which the contested Tree Preservation Order has been made, that Panel member is not automatically required to leave, but determines for themselves, in accordance with the National Code of Local Government conduct, whether or not they have an interest within the terms of that Code and on this basis, whether they should take part in the decision making process.

3. SITE VISITS

- 3.1 Members meet on site before the meeting to view the tree(s) covered by the Order. The objector(s), arboriculturist, Local Member(s) and a representative of the Parish or Town Council are invited to the site visit. No discussion on the merits of the Order may take place at the site visit. The purpose of the visit is for Members to familiarise themselves with the site and the tree(s) and for the arboriculturist and the objector(s) to point out any features of the tree(s).

4. OBJECTION MEETING

- 4.1 The Chairman will explain that this is a procedure adopted by the Council for determining objections to Tree Preservation Orders.
- 4.2 The procedure for the meeting will be as follows:-

 3. Members of the Panel may ask questions of the objector(s).
