## **7. Reasons for the Decision**

The Sub-Committee carefully considered the application along with the evidence, both written and oral, supplied by the applicant and objectors.

The Sub-Committee took account of the fact that, during the hearing, the Council's Environmental Health Officer formally withdrew his objections. This was because he was satisfied that those objections had been dealt with by way of the conditions offered by the applicant including, in particular, the condition requiring a noise management plan to be agreed with the Council's Environmental Health Team before regulated entertainment is permitted.

The Sub-Committee acknowledged the concerns of the objectors, in particular regarding the public nuisance that the proposed outdoor activities had the potential to cause.

However, the Sub-Committee was of the view that, provided various conditions were imposed, the granting of the application for a new premises licence would not cause a public nuisance within the vicinity of the licensed premises or prejudice any of the other licensing objectives.

Accordingly, the Sub-Committee was prepared to grant a premises licence in the terms set out at section 6 above.

The Sub-Committee pointed out the entitlement of any interested party and responsible authority, to ask for the Premises Licence to be reviewed by the Licensing Authority in the future.
