NOTIFICATION OF COUNCIL DECISIONS

COUNCIL - 10 DECEMBER 2018

The following decisions were taken at the above meeting.

5 REPORTS OF CABINET

The recommendations from the meetings held on 7 November and 5 December 2018 were agreed.

7 QUESTIONS TO PORTFOLIO HOLDERS UNDER STANDING ORDER 22A

Question 1

Cllr Maureen Holding asked the Portfolio Holder for Housing Services whether those who performed essential public services, such as firefighters, would still be eligible for Council housing under the Council's proposed new Allocation Policy.

The Portfolio Holder confirmed that the draft new Allocation Policy specifically dealt with key workers, which included fire fighters. The policy gave appropriate priority to these groups when allocating Council housing. No change had been made in relation to key worker housing.

Question 2

Cllr David Harrison asked the Portfolio Holder for Planning and Infrastructure about the latest position with regard to traffic management arrangements in the New Forest District.

The Portfolio Holder reported that details had been set out in the report to Cabinet dated 7 November 2018. The Cabinet had rejected the proposed terms for the agency agreements for on-street parking enforcement and traffic management.

Cllr Harrison asked a supplementary question regarding the safety concerns which could arise if no agreement was reached between the District Council and Hampshire County Council. The Portfolio Holder felt that there would be no safety implications as Hampshire County Council would resume responsibility for traffic management.

THIS DECISION LIST HAS BEEN PREPARED BY THE COMMITTEE ADMINISTRATOR AND IS CIRCULATED TO INFORM COUNCILLORS AND OFFICERS IMMEDIATELY OF DECISIONS REACHED AT COUNCIL MEETINGS. THE WORDING OF RESOLUTIONS IN THE MINUTES OF THE MEETING MIGHT DIFFER FROM THE ABOVE.
