4. Junction of Butlers Lane and Gorley Road, Ringwood BH24 1TJ

TOWN / PARISH: Ringwood Town Council

Usage (last 12 months): 118

Accident Provision: One slight incident close by (Crashmap.com).

Demographic: A few Council-owned properties nearby (Forestmap)

Mobile Phone Coverage: Good (Ofcom)

TOWN / PARISH COUNCIL RESPONSE: Ringwood Town Council – Object on the basis of the demographics of the area, it is in well positioned and visible area close to local shops and serves areas of social housing.

Recommendation: **OBJECTION**

Reason: The level of use of this public payphone indicates that it is of some value to the community. The consultation with Ringwood Town Council has revealed that they are of the view that this payphone should be retained due to the demographics of the area which is close to areas of social housing. The payphone is well positioned in a visible location close to local shops. Although the number of calls is relatively modest, the importance of the calls needs to be given significant weighting. The Council has considered the changing technological environment and commercial conditions that have generated the application for the removal of the PCB. On balance, the Council consider that the removal of the PCB would, in this instance, be disadvantageous to members of the local community. On this basis, its retention is recommended.

5. Sea Road, Barton-on-Sea, New Milton BH25 7ND

TOWN / PARISH: New Milton Town Council

Usage (last 12 months): 2

Accident Provision: No incidents reported (Crashmap.com)

Demographic: No council owned properties in proximity (Forestmap)

Usage (last 12 months): 20

Accident Provision: No incidents reported (Crashmap.com)

Demographic: In close proximity to a number of council-owned properties (Forestmap)

Mobile Phone Coverage: Good (Ofcom)

TOWN / PARISH COUNCIL RESPONSE: No comment

LOCAL COUNCILLOR COMMENT: Cllr Jack Davies objects to the loss of this PCB due to the fact that it is located in close proximity to a number of social/housing association properties.

Recommendation: **OBJECTION**

Reason: The level of use of this public payphone indicates that it is of some value to the community. The Local Councillor is of the view that this payphone should be retained due to the demographics of the area which is close to areas of social housing. Although the number of calls is relatively modest, the importance of the calls needs to be given significant weighting. The Council has considered the changing technological environment and commercial conditions that have generated the application for the removal of the PCB. On balance, the Council consider that the removal of the PCB would, in this instance, be disadvantageous to members of the local community. On this basis, its retention is recommended.

15. Near Hardley Industrial Estate, Hythe SO45 3NQ

TOWN / PARISH: Hythe & Dibden Parish Council

Usage (last 12 months): 1

Accident Provision: No incidents reported (Crashmap.com)

Demographic: No council owned properties in proximity (Forestmap)

Mobile Phone Coverage: Good (Ofcom)

TOWN / PARISH COUNCIL RESPONSE: No comment

Recommendation: **NO OBJECTION**

16. Fairview Drive, Hythe SO45 5GY

TOWN / PARISH: Hythe & Dibden Parish Council

Usage (last 12 months): 166

Accident Provision: Three slight incidents reported nearby (Crashmap.com)

Demographic: No council owned properties in proximity (Forestmap)

Mobile Phone Coverage: Good (Ofcom)

TOWN / PARISH COUNCIL RESPONSE: Hythe and Dibden Parish Council – object, number of calls demonstrate need to retain

Recommendation: **OBJECT**

Reason: The level of usage indicates that it is of some value to the local community. The consultation with Hythe and Dibden Parish Council has revealed that although the number of calls is relatively modest, the importance of the calls needs to be given significant weighting. The Council has considered the changing technological environment and commercial conditions that have generated the application for the removal of the PCB. On balance, the Council consider that the removal of the PCB would, in this instance, be disadvantageous to members of the local community. On this basis, its retention is recommended.

17. Outside 52 Netley View, Cedar Road, Hythe SO45 3PG

TOWN / PARISH: Hythe & Dibden Parish Council

Usage (last 12 months): 24

Accident Provision: One slight incident reported (Crashmap.com)

Demographic: In close proximity to a number of council-owned properties (Forestmap)

Mobile Phone Coverage: Good (Ofcom)

TOWN / PARISH COUNCIL RESPONSE: Hythe and Dibden Parish Council - Object – on the grounds of the demographics of the area – there is a large estate nearby with number of rented and social housing units.

Recommendation: **OBJECT**

Reason: The level of usage indicates that it is of some value to the local community and the site is located in a large estate with a number of rented and social housing units. The consultation with Hythe and Dibden Parish Council has revealed that although the number of calls is relatively modest, the importance of the calls needs to be given significant weighting. The Council has considered the changing technological environment and commercial conditions that have generated the application for the removal of the PCB. On balance, the Council consider that the removal of the PCB would, in this instance, be disadvantageous to members of the local community. On this basis, its retention is recommended.

18. Outside Post Office, North Road, Dibden Purlieu SO45 4PG

TOWN / PARISH: Hythe & Dibden Parish Council

Usage (last 12 months): 49

Accident Provision: Three slight incidents reported (Crashmap.com)

Demographic: A few council-owned properties nearby (Forestmap)

Mobile Phone Coverage: Good (Ofcom)

TOWN / PARISH COUNCIL RESPONSE: Hythe and Dibden Parish Council – object – the number of calls suggest a need, mobile phone coverage is patchy, the PCB is located on a school route and it should be available for use by students in an emergency

Recommendation: **OBJECT**

Reasons: The level of usage indicates that it is of some value to the local community, the site is on a school route and it should be available for use by students in an emergency. In addition the coverage in this area is patchy. The consultation with Hythe and Dibden Parish Council has revealed that although the number of calls is relatively modest, the importance of the calls needs to be given significant weighting. The Council has considered the changing technological environment and commercial conditions that have generated the application for the removal of the PCB. On balance, the Council consider that the removal of the PCB would, in this instance, be disadvantageous to members of the local community. On this basis, its retention is recommended.
