FINANCIAL MONITORING REPORT (based on Performance April to July 2021 inclusive)

1. RECOMMENDATIONS

- 1.1 It is recommended that Cabinet:
 - 1.1.1 notes the latest budget forecasts of the General Fund (section 4) and Capital (section 5); and
 - 1.1.2 recommends that Council approves additional budget provision of £300,000 for Housing Void works and notes the latest budget forecast, including £180,000 shortfall in rental income within the Housing Revenue Account (section 6)

2. INTRODUCTION

2.1 Following the approval of the Original Budget for 2021/22 in February 2021, this report provides an update on the General Fund, Capital and Housing Revenue Account budgets, adjusting for any budget changes now required.

3. BACKGROUND

3.1 Financial Monitoring is an important feature in the management of the Council's finances as it gives an opportunity to reflect on variations as against the latest set budget and reflect on the impact that these variations may have over the period covered by the Council's Medium Term Financial Plan.

4. GENERAL FUND REVISED PROJECTION

- 4.1 A General Fund budget of £19.291 million for 2021/22 was agreed by Council in February 2021.
- 4.2 The original budget for Finance, Investment and Corporate Services included £360,000 set aside for expenditure specifically related to COVID. An initial virement of £200,000 is now being made to other Portfolios to cover predicted spend relating to Homelessness, Public Conveniences and Waste Management.

- 4.3 Provision was included within the original 2021/22 budget for pay award at the lower end of the pay scale. The main feeling at the time of setting the budget at that time was one of local government needing to share the burden when it came to recovering the national debt incurred as a result of the pandemic and so a sweeping pay award across the pay scale looked unlikely. Negotiations have since been ongoing between the trade unions and the National Joint Council, with the latest employer side offer being a pay award of 1.5% for senior pay, 1.75% for officer pay, and a 2.75% increase to be reflected on the lowest pay point. The cost of this award is c£410,000 to the General Fund, with £110,000 already budgeted, and although at the time of writing, it has not been formally accepted by the union, it represents the lowest offer that is now likely to be applied, and so it is reasonable to build the additional cost into the revised budget for 2021/22.
- 4.4 The Health and Leisure Centre budgets have been rebased to take account of the inhouse financial position to the end of June and the transfer of operations to Freedom Leisure from 1 July. No adjustment has been made to the net overall position for 2021/22 as the level of Management Fee payable to Freedom until 31 March will depend on centres' performance in accordance with the transitional year open book arrangements, but, as demonstrated within the following table, gross income and expenditure budgets have been amended by £3.488 million to reflect the new arrangements:

	Orig.	Revised	Variation
	Budget	Estimate	
	£'000's	£'000's	£'000's
Employees	4,760	1,760	-3,000
Premises	1,953	748	-1,205
Supplies & Services	1,002	1,718	716
Transport	1	2	1
Capital Financing	10	10	0
Support Services	364	364	0
Total Expenditure	8,090	4,602	-3,488
Income	-5,206	-1,718	3,488
Net Expenditure	2,885	2,885	0

- 4.5 Rephasing of projects totalling £447,000 (General Fund impact of £412,000, HRA £35,000) has occurred from 2020/21, principally relating to the ICT Work Programme £170,000, Appletree Court Power Supply £100,000, Car Park Maintenance £75,000 and Community Grants £62,000.
- 4.6 Excluding the Health and Leisure Centre budget adjustments, net new expenditure requirements are £44,000 (+£300,000 pay award, less £256,000 of other favourable variations) and forecast net income shortfalls are £51,000, resulting in an updated General Fund Budget of £19.386 million; an increase of £95,000 from the original estimate.

4.7 The revised General Fund Budget 2021/22 can be seen at Appendix 1, with further details on the variations being reported included within Appendix 2.

5. CAPITAL EXPENDITURE (General Fund and Housing Revenue Account)

- 5.1 A Capital Programme budget of **£36.197 million** for 2021/22 was agreed by Council in February 2021.
- 5.2 The latest forecast confirms variations totalling £2.630 million and net rephasings into 2021/22 of £488,000. The main variations are summarised below:

Variations

- Health & Leisure Centres (£2.4 million) provision of capital finance for the centre enhancement programme, to be funded from Freedom Leisure contract income (over and above the management fee) over 10 years from year 2 of the contract (in line with contractual position as presented to the Council in February '21).
- Coast Protection Regional Monitoring funded by Government Grant (£408,000)
- Public Conveniences (-£195,000) Review of the Lymington Quay scheme

Rephasings

- Coast Protection Regional Monitoring Programme (£100,000)
- Other Coast Protection Works rephased from 20/21 (£90,000)
- Coast Protection Westover Phase 2 scheme rephased to 22/23 (-£275,000)
- Vehicles & Plant Replacement Programme (£573,000).
- 5.3 The changes as above result in an updated Capital Programme Budget of £39.315 million (Appendix 3).
- 5.4 Elsewhere on this Cabinet agenda is a report recommending the development of the employment land at Crow Lane. The decision resolution from that report will be picked in a future Financial Monitoring report and Medium Term Financial Plan.

6. HOUSING REVENUE ACCOUNT

- 6.1 A break-even HRA budget for 2021/22 was agreed in February 2021, with a Revenue Account operating surplus of £9.120 million supporting the financing of the £20.250 million HRA Capital Programme.
- 6.2 During the first lockdown, the Council ceased turning around empty properties to focus entirely on the continuation of providing essential services. This created a backlog of empty properties and, following the recommencement of works, the Council sourced a contractor to support the inhouse team in turning around empty properties again. While progress was made during 20/21 it has been necessary to continue with this arrangement in this financial year, at an estimated cost of £300,000. While efforts will be made to offset these additional costs additional budget provision of £300,000 is requested at this stage. This has been essential to bring properties back into occupation to provide homes for families and individuals on the Homesearch Register, and to minimise the loss of rental income, which is currently estimated to be £180,000 greater than the original budget provision.

- 6.3 Paragraph 4.3 identifies the latest position regarding the National Pay Award. The cost of this to the HRA would be c £90,000. This is shown in Appendix 4 within the Supervision and Management heading but will actually be spread between management and maintenance budgets.
- 6.4 Approximately £35,000 of the rephasing from 20/21 (Para 4.5) is chargeable to the Housing Revenue Account.

7. CRIME AND DISORDER / EQUALITY AND DIVERSITY/ENVIRONMENTAL IMPLICATIONS

7.1 There are no Crime & Disorder, Equality & Diversity or Environmental implications arising directly from this report.

8. PORTFOLIO HOLDER COMMENTS

8.1 There is always the risk that the Portfolio Holder comments can simply repeat the statements made within the report. To avoid this I will simply say that at this point, one third of the way through the financial year, we have not surprisingly made a few relatively minor adjustments to address changes in circumstances however the Council remains in a strong financial position.
