PR1	Cyber Security	Transformation Priority 4: Designing modern and innovative services	Strategic Director Corporate Resources & Transformation Section 151 Officer	High	12	Malicious attack results in significant loss of sensitive data and/or significant disruption to Council operations	The Council continues to respond to the increasing cyber threat by completing a programme of work coordinated by its consulting Chief Information Security Officer, with a view to achieving external accreditation in due course.
PR2	Emergency Planning	Transformation Priority 4: Designing modern and innovative services	Strategic Director – Housing & Communities	Medium	6	An inadequate emergency planning response violates the Council’s obligations under the Civil Contingencies Act and undermines both responsibilities and effective results.	The Council is collaborating with the Hampshire Resilience Forum to ensure effective preparedness for response, along with other partners at both national and local levels. Starting in April, we will establish a new relationship with Southampton as we transition away from Hampshire County Council (HCC), which will lead to the introduction of a new role. Currently, the Local Resilience Forum (LRF) is not functioning as intended, and we are engaging with MP’s and external parties.

PR3	Homelessness	People Priority 3: Meeting housing needs	Strategic Director – Housing & Communities	Medium	6	Inability to fulfil our legal obligations to the homeless (and/or to utilise our statutory authority to assist them) in a timely, effective, and efficient manner could negatively affect our financial position. This poses health and safety risks related to homelessness, as well as reputational risks, and could lead to another increase in homelessness.	To address the extraordinary demand, urgent efforts are being made to increase temporary accommodation options, while medium-term plans outlined in the Housing strategy are in progress. Funding has been increased.

PR4	Hampshire County Council - Political Environment	All	Chief Executive	Medium	6	<p>Hampshire County Council elections scheduled for May 2025 could have a substantial impact on the New Forest District Council by changing the political balance and shifting funding priorities. A change in leadership might result in decreased support for vital services such as transportation and education. Furthermore, differing political agendas could impede collaboration with the county, affecting community involvement and potentially leading to a breakdown in services for our residents. There is a possibility that these elections may be postponed until May 2026.</p>	<p>NFDC is part of a wider Hampshire elections planning group and have also set up internal elections planning should the May elections proceed. There may be other elections such as the Mayoral election in 26, and possible byelections as a consequence of a deferral of the HCC elections so resources will still be required. In terms of service changes, HCC will need to set a balanced budget and officers will engage with any service change proposals that impact New Forest residents.</p>

PR16	Waste Strategy Implementation	Place Priority 3: Caring for our facilities, neighbourhoods and open spaces in a modern and responsive way	Strategic Director of Place, Operations and Sustainability	Medium	8	The ineffective transition from black plastic bags to waste bins can lead to significant operational impacts, including increased littering and improper bin usage, which may drive up disposal costs and create health hazards. Additionally, these issues can lead to potential legal repercussions and loss of funding. The reputational risks associated with a failed transition may strain community trust in the Council and heighten operational challenges.	An effective communication strategy is essential for informing the community and facilitating the successful implementation of the new waste management system. It is important for members to engage more broadly with the community regarding this significant service change.
