| PKZ | Emergency Planning | Priority 4: Designing modern and innovative services | Strategic Director – Housing & Communities | Medium | 6 | An inadequate emergency planning response violates the Council's obligations under the Civil Contingencies Act and undermines both responsibilities and effective results. | The Council is collaborating with the Hampshire Resilience Forum and works closely with partners at a local and national level to ensure effective preparedness for response and recovery to incidents. , along with other partners at both national and local levels. Starting in April, we will establish a new relationship with Southampton as we transition away from Hampshire County Council (HCC), which will lead to the introduction of a new role. Currently, the Local Resilience Forum (LRF) is not functioning as intended, and we are engaging with MP's and external parties. In April a new relationship was established with Southampton City Council and an Emergency Planning Coordinator role was recruited into, to support the planning, training and exercising of officers at all levels across the Council (Strategic, Tactical and Operational) to prepare and deliver a robust response to incidents across the district. |

| PR3 | Homelessness | People Priority 3: Meeting housing needs | Strategic Director – Housing & Communities | Medium | 6 | Inability to fulfil our legal obligations to the homeless (and/or to utilise our statutory authority to assist them) in a timely, effective, and efficient manner could negatively affect our financial position. This poses health and safety risks related to homelessness, as well as reputational risks, and could lead to another increase in homelessness. | To address the extraordinary demand, urgent efforts are being made to increase temporary accommodation options, while medium-term plans outlined in the Housing strategy are in progress. Funding has been increased and we are investing in homelessness prevention strategies. |

| PR4 | Hampshire County Council - Political Environment | All | Chief Executive | Medium | 6 | Hampshire County Council elections scheduled for May 2025 could have a substantial impact on the New Forest District Council by changing the political balance and shifting funding priorities. A change in leadership | NFDC is part of a wider Hampshire elections planning group and have also set up internal elections planning should the May elections proceed. There may be other elections such as the Mayoral election in 26, and possible byelections as a consequence of a deferral of the HCC elections so resources will still be required. |

| | | | | | | might result in decreased support for vital services such as transportation and education. Furthermore, differing political agendas could impede collaboration with the county, affecting community involvement and potentially leading to a breakdown in services for our residents. There is a possibility that these elections may be postponed until May 2026. | In terms of service changes, HCC will need to set a balanced budget and officers will engage with any service change proposals that impact New Forest residents. |

| R4 R4 | Business Continuity | All | Strategic Director – Housing & Communities | High | 12 | Ineffective business continuity response enables an event to seriously disrupt Council operations | The Council acknowledges a resource shortfall and will conduct a review of its business continuity arrangements in 2025. This review will focus on adapting to changes in working patterns and the digital environment, as well as emphasising operational resilience rather than responding to specific events. The Council is well positioned to respond effectively. |
