1 INTRODUCTION

- 1.1** The Safer New Forest Partnership ('the Partnership') is required by law to make an annual Partnership Plan to set out a strategy for the reduction of re-offending and crime and disorder and combating substance misuse for the New Forest area.
- 1.2** This strategy will be implemented through an action plan (Appendix 1) devised by the Partnership to address key crime and disorder priorities for the area.
- 1.3** The Partnership Plan draws upon evidence contained within and is informed by the Safer New Forest Strategic Assessment 2017, which was approved in January 2017. That document provides a detailed analysis of crime in the New Forest area. The priorities included in this Plan have been identified following an examination of the Strategic Assessment.
- 1.4** The Partnership Plan (and associated action plan) will run from 1 April 2018 to 31 March 2019 and will be reviewed regularly by the Partnership during this time.

2 PRIORITIES

- 2.1** The Partnership has identified the following priorities:
- 2.2**
 1. Children at risk
 2. Modern slavery and human trafficking
 3. Drug related harm
 4. Develop consistent recognition and access to support for victims of domestic abuse
- 2.3** For each priority a lead Partner(s) has been agreed by the Partnership. The lead partner has identified, in consultation with the Partnership, the actions which will be taken throughout the year to address the relevant priority, how the success of those actions will be measured and what resources will be required. This is set out in the Partnership's action plan.
- 2.4** Each lead partner will be responsible for developing more detailed targets and a strategy for the delivery of the actions throughout the year.
- 2.5** The progress that each lead partner is making on the action plan will be monitored by the Partnership throughout the year.
- 2.6** This Partnership Plan (including the action plan) is a living document and may be amended over the course of the year to reflect the ongoing work addressing the priorities.

3 COMMUNITY ENGAGEMENT

- 3.1 The Partnership is required to make arrangements for engagement with the local community.
- 3.2 The Partnership considers that the views of people and organisations living and working in the New Forest area are a vital source of information to assist with the delivery of its Partnership Plan. In particular, the Partnership has sought, and will continue to seek, to obtain views on the levels and patterns of re-offending, crime and disorder and substance misuse in the area and on the priorities for the Partnership in the future. In addition, the Partnership is always open to hearing of any ways local people feel they might be able to assist with reducing re-offending, crime and disorder and substance misuse in the area.
- 3.3 In order to achieve improved community engagement, the Partnership has established formal links with the New Forest District Association of Local Councils. The Association currently meets four times per year and representatives of the Partnership have been invited to address two of those meetings each year to ascertain the views of local representatives on crime and disorder concerns and priorities in their areas. Representatives of the local councils were invited to attend the September meeting of the Partnership to bring forward information and concerns. In addition to providing valuable input into decision-making on priorities for the coming year, the Partnership found the opportunity to engage with local community leaders extremely useful in the wider context of crime and fear of crime.
- 3.4 The Partnership also has a website which can be accessed by members of the public. <http://www.safer.newforest.gov.uk/15868> .
- 3.5 Members of the public who wish to provide comments on the Partnership Plan generally, wish the Partnership to consider their views on patterns and levels of reoffending, crime and disorder and substance misuse in the New Forest area, or consider that they may be able to assist with the delivery of this Partnership Plan, may contact the Partnership in the following ways:

- 5.1 In 2017, the Partnership identified the priorities for the 2017/2018 Partnership Plan as follows:

 4. Support victims of domestic abuse
 5. Promote road safety with an emphasis on killed and serious injury

- 5.3 The above listed priorities, although they do not form part of the Strategic Partnership Plan for 2018/2019 they will continue to be “business as usual” and are still being supported and maintained by their lead workers and agencies. The objectives of these will continue to be driven and supported by the partnership and lead members will update the Safer New Forest Strategy and Delivery Group of any emerging developments.

- 5.4 The chart below demonstrates the operational forums to support this year’s priorities. Each forum will oversee an individual priority of the 2018/19 plan. With the participation and assistance of core partners from statutory and non-statutory providers who will develop and implement the priorities to achieve their objectives. The lead officer will provide regular updates to the partnership through participation and attendance at the Safer New Forest Strategy and Delivery Group each quarter.
