

2025/2026 Performance Summary

KPIs are rated RAG (Red, Amber, Green) according to the performance against target.

■ On target or above target

■ Below and up to 10% deviation from the lower threshold of the target

■ Over 10% deviation from the lower threshold of the target

■ KPI marked TBC due to lag in data availability, context and an estimated data availability is provided in these cases.

■ KPI marked N/A due to performance being outside of our direct control and influence, or data not being collected during period.

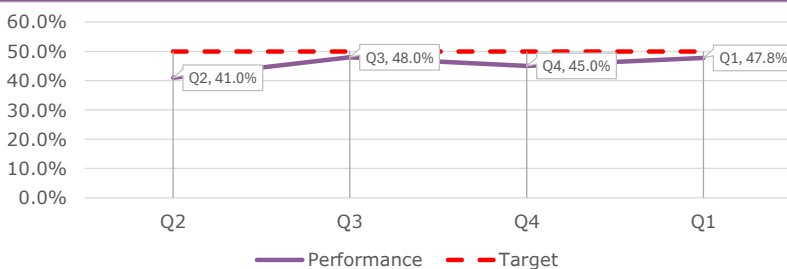

PEOPLE	ID	KPI Name	RAG

Q2	Q3	Q4	Q1			

Supporting narrative

2024/5 Q2	The prevention duty is where we try to prevent people from becoming homeless by either securing their current accommodation or seeking new accommodation for them. Despite the challenges in the private sector rented sector, the team work hard to support clients by providing advice or practical support.
2024/5 Q3	The current private rented sector remains challenging, with several factors affecting renters. Including the limited number of rental properties, changes to landlord circumstances resulting in sale of the property, increasing demands from letting agents, including rent advanced payments and rent guarantors, all creating barriers and difficulties for potential tenants.
2024/5 Q4	Despite the hard work of our teams to prevent homelessness and relieve those experiencing homelessness, it is recognised that this is a challenge due to the limited supply of both social and affordable private rented sector properties, especially family sized homes. To improve these figures, we have invested in training and are recruiting additional Homelessness Prevention Floating Support Workers to assist residents in sustaining tenancies.
2025/6 Q1	Preventing Homelessness remains a challenge with the reducing number of properties available in the Private Sector however a number of suitable properties were released and the team were able to utilise these by supporting applicants with rent in advance loans and deposit scheme.

Q2	Q3	Q4	Q1

Supporting narrative

2024/5 Q2	The number of people in Emergency Accommodation (EA) fluctuates throughout the year. The reason for the jump in EA usage is due to people being asked to leave family accommodation/private landlords ending tenancies. In these scenarios we try to prevent homelessness by searching for our new private accommodation or using our own Temporary Accommodation (TA) which is an enormous challenge as there are not many available in an affordable price range and our own TA is at
2024/5 Q3	Significant challenge due to increasingly larger families often with complex needs and affordability of private accommodation.
2024/5 Q4	Despite work to prevent and relieve those experiencing homelessness, it is a significant challenge due to the limited supply of social/affordable private sector properties, especially family sized homes. To improve these figures, we have invested in training and are recruiting 2 Homelessness Prevention Floating Support Workers to assist residents in sustaining tenancies. Investment continues with the introduction of a Homelessness Prevention Team Leader, to focus on increasing quality, better managed caseload and outcomes. In total the team have increased support by introducing 4 Homelessness Prevention Floating Support Workers, on top of existing 3 Homelessness Prevention Officers to help people find new homes, liaise with landlords, help with rent deposits, and mediate between parties. On top of this we have provided grant funding to start a Homelessness Prevention drop-in service in Totton and continue to work closely with other voluntary sector services. We continue to explore ways to increase prevention services across the district to provide the right advice at the right time and place for the betterment of our communities.
2025/6 Q1	

NFDC ID NO.3: Number of families with children under 16 in external emergency shared accommodation over 6 weeks

RAG Status						
2024/5				2025/6		
Q2	Q3	Q4	Q1			

Supporting narrative

2024/5 Q2	A higher number of households with large numbers of children, often with complex needs, requiring accommodation.
2024/5 Q3	EA for families with children is only used when no other accommodation is available in the location that the family needs. Moving families in to accommodation with no shared facilities remains a priority. We must consider the needs of the family when seeking accommodation including school/education, doctor or health facilities, family support networks, employment factors or other complex needs.
2024/5 Q4	To reduce the number of families in EA a dedicated officer is tasked with liaising with landlords to identify possible family sized accommodation and to move families as quickly as possible. Performance is in line with target.
2025/6 Q1	Reducing the need to use shared facilities EA for families remains a key commitment. When keeping a family in shared accommodation, we take into consideration their support needs and local networks whilst searching for long term accommodation.

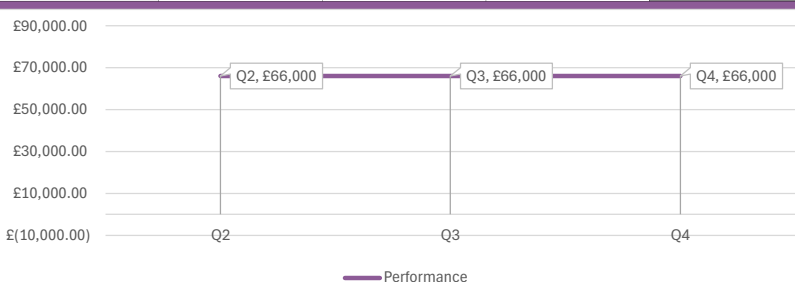

NFDC ID NO.4: Number of Appletree careline services provided to customers

	2024/5			2025/6	Supporting information

RAG Status						
2024/5				2025/6		
Q2	Q3	Q4	Q1			

Supporting narrative

2024/5 Q2	Due to the fluctuation in client base and services being delivered changing daily, The highest service by volume was 4004 at the end of July with 3965 at the end of August. In addition to dispersed alarms and services delivered, the service also provides fixed careline monitoring alarms in Housing Extra Care stock to 112 flats which does not form part of this data.
2024/5 Q3	Although 52 new customers joined careline services in October and November, over the same period we experienced higher monthly averages in cancellations of 59 clients, with a reduction of 118 services. Of these 59 clients, 21 were deceased and 31 moved into full time residential or nursing care placements. This is in line with seasonal expectations i.e. flu etc. December
2024/5 Q4	52 new customer installations with over 100 services combined during the quarter. Whilst the growth has continued alongside existing customers being retained and upgraded to digital services, this has been impacted by the death of 29 customers and 37 moving from independent to residential/nursing care accommodation, accounting for a combined loss of 130 services. Current team focus on retention and growth, dedicated resources contacting and managing the switchover from analogue to digital services for existing customers. All Appletree careline literature and promotional material has been refreshed and rebranded highlighting the benefits of digital careline units, in particular highlighting the cost savings to clients no longer requiring fixed telephone lines for service delivery.
2025/6 Q1	Appletree careline continues to transition existing careline customers from analogue to digital services, whilst creating opportunities for revenue growth through the attraction of a new customer base. Development of revised promotional material has been created and disseminated across the district, creating partnerships with age related community based services to promote the service locally.

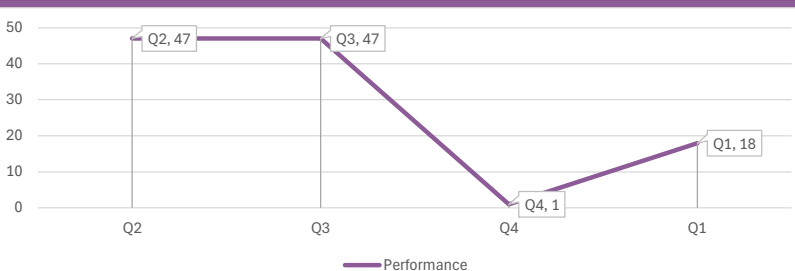

NFDC ID NO.7: Investment in and rollout of public space CCTV system

Supporting narrative

2024/5 Q2	66K has been spent on securing 10 x 4g PTZ cameras for rural locations which also includes transmission costs for 2 years. A camera has been installed in Calshot Play park as part of the upgrade to St. Georges Hall providing 24 hour monitoring, live linked to the control room.
2024/5 Q3	The installation plan over Q3 has enabled a partnership to be developed with a large retail store, allowing siting of cameras on their buildings, simplifying the installation process and reducing costs. This will cover locations including Holbury, Bransgore and Fordingbridge. Additional locations have been secured in Fawley, Gangwarly and Ashley. 17 cameras from the Hardley depot have interlinked with the CCTV control room and it is anticipated a further 10 live monitored cameras will be installed by end of January.
2024/5 Q4	Following full handover of the Hardley Depot, A further 10 cameras went live, increasing the total to 28. Fire and security alarms are also live monitored within the main CCTV control room. Electrification works have been confirmed on all proposed public space sites with these being prepared for full camera installation. Terms for a further location on a retail store were agreed in Brockenhurst and a site in Ringwood. Securing these locations provides optimum placement for monitoring whilst negating local disruption.
2025/6 Q1	During the Q1 period, 9 additional cameras have been installed. Additional installations continue to progress. *At the time of reporting, quarterly £ spend figures are pending as we await final invoicing.

2024/5 Q2	Sessions delivered on weapons prevention between July 1st and September 30th included workshops and assemblies to 130 young people and 47 sessions delivered to 15 individual participants on a 1:1 basis. Lower figure of 47 sessions confirmed and awaiting final number of sessions delivered to 130 people. Final numbers delayed and will be updated at a later date once clarified with partners.
2024/5 Q3	47 sessions were delivered to 289 attendees with participant breakdown being 55% male and 45% female.
2024/5 Q4	129 young people participated in a prevention of weapons education programme. Over the past 12 months, weapons prevention education has been delivered to 563 young people within either group or 1-2-1 sessions across the district.
2025/6 Q1	During Q1, safer New Forest provided 3 days training and learning material for 18 employees of youth services, secondary education, colleges and community safety services. This approach aims to create and embed local resources, acting as points of contacts and accredited trainers to deliver weapons prevention training within local education and community based settings. Funding for delivery was supported by a 10k grant obtained from the Office of Police and Crime Commissioner.

Supporting narrative

2024/5 Q2	Quarterly data is collated by Forestry England and includes data from the National Parks Authority and the Verderers.
2024/5 Q3	Quarter 3 showed a reduced number of interactions which is anticipated outside of the main holiday season. Of the 35 engagements, 2 related to fire with the remaining 33 relating to petting of animals. No interactions required escalation necessitating the issuing of any fixed penalty notices. Yearly fire data compiled for the Safer New Forest annual strategic assessment on crime and disorder, show incidents of fire have reduced over the past year since the order was approved. Further monitoring will continue to consider all aspects that have contributed to this reduction.
2024/5 Q4	Quarter 4 period resulted in 31 reports to services regarding concerns of compliance with the orders with Wednesday being the busiest of days. Direct engagement was held with 195 people, with 180 relating to animals and 15 to fire.
2025/6 Q1	*At the time of reporting we are awaiting final figures from Forestry England (FE). Due to a change within their method of collating data electronically, this has been reverted to a manual count to verify numbers before submission. No indication has been given as to when this data is likely to be made available to us.

Supporting narrative

2024/5 Q2	This quarter we have funded the development of Suitcase Stories, a school based theatre project via SPF funding. As well as providing funding for improved music production at this years New Forest Pride in Lymington. We have also provided project support to Waterside Arts Festival, Artful Scribe's Play on Words festival in New Milton, and the NFDC Litter Nest project. We have also lead Folio in developing their new project ROAM, as well as continued funding, project support and leadership on multiple projects from Q1.
2024/5 Q3	Grant for new project Suitcase Stories in partnership with Forest Forge. Resource and support shared in supporting HCT take over the Folio network and sector support function. Funding allocated to the development of ROAM arts festival, bid writer funded by NFDC at this stage.
2024/5 Q4	5 Projects supported this quarter via SPF are Nightjar, Folio training programme, Folio transition support, Milford on Sea beach event and CODA celebration event. 6 cultural projects were supported by the Community Grants programme in 24/25. 1 project has received CIL funding of £142,000 to improve the access to cultural facilities, locally.
2025/6 Q1	Working with Culture in Common and local Folio Partners we have supported a number of smaller projects around the district. Working in partnership we delivered a series of small commissions which saw a number of activities reach new audiences and ensure that there was a spread of activity across the geographic and demographic communities of the district. A high number of one-off commissioned projects have occurred during the period which is reflected in the final data, these are unlikely to be repeated.

	Q2	Q3	Q4	Q1		

**Supporting narrative**

2024/5 Q2	The reported figure is based on the total of 670 fly-tipping incidents occurring in Q2.
2024/5 Q3	The reported figure is based on the total of 502 fly-tipping incidents occurring in Q3.
2024/5 Q4	The reported figure is based on the total of 696 fly-tipping incidents occurring in Q4.
2025/6 Q1	Figure is based on 870 incidents of flytipping which operatives responded to during the quarter which is an increase of 182 from Q4 2024/5. This is a revised metric, to more closely reflect the councils desire to tackle fly tipping as an issue across the forest. After a period of review it was felt appropriate to lower the threshold and make the metric more challenging, given understandable concern over the issue. As has been reported to Council, there has been an increase in use of bring sites aligned to the waste roll out. Where this sees residents leaving glass and cardboard outside of the provided containers it is technically classed as a fly tip and is recorded as such. The figure does not relate to an uptick in fly tipping in the more readily defined sense (e.g. building waste/house clearance dumped in laybys/country lanes) and there has been no discernible increase in this aligned to the roll out. There are concerns that are being investigated by our enforcement teams over "commercial" use of our bring sites, which is understood to be a potential byproduct of the roll-out as "commercial" waste can no longer be as easily disguised in residential collections.

		Q2	Q3	Q4	Q1	

Supporting narrative

2024/5 Q2	Between Q1 and Q2, there has been a decrease in short term absence (4.22 to 4.17), but an increase in long term (5.06 to 5.61) which has subsequently increased total sickness days per FTE. As HR now have more capacity, we are able to work more closely with managers to support them in assisting their team back to work sooner following absences.
2024/5 Q3	Whilst we are always finding ways to reduce sickness and absence levels to meet our targets, this is of largely out of our direct control. Every step is taken to be satisfied that sickness absence is genuine, that sickness is reducing and that we are managing sickness effectively to keep this figure reducing. HR work closely with managers to apply our policies effectively to manage sickness.
2024/5 Q4	Sickness per FTE has come down since last quarter and continues to come down as can be seen with historical data.
2025/6 Q1	Although sickness days have reduced since the end of last quarter, FTE has increased, resulting in a reported figure in line with previous performance.

NFDC ID NO.40: Number of council apprenticeships
